

Fee Schedule Effective April 1, 2009

FIRE PROTECTION SERVICE:

To aid in fire protection and savings in fire insurance premiums, the Hopkinsville Water Environment Authority may allow companies to install a private fire protection system. The Authority will install a tapping valve and sleeve to the property line of the customer. The fire service fee is based upon the following main line sizes:

Size of Main.....	Fee
4".....	\$1,600.00
6".....	\$1,800.00
8".....	\$2,500.00
10".....	\$2,500.00
12".....	\$3,000.00
16".....	\$7,000.00

METER SERVICES:

The Hopkinsville Water Environment Authority can provide many different size water connections for its customers' different needs. Most residential homes need only 5/8" water service, while commercial and industrial customers may require a larger service. The Authority installs water service based on the following sizes and fees:

Size of Tap.....	Fee
5/8".....	\$500.00
3/4".....	\$800.00
1".....	\$800.00
1 1/2".....	\$1,600.00
2".....	\$4,000.00
3".....	\$7,000.00
4".....	\$8,000.00
6".....	\$12,000.00

Customers may also elect to have an extra water meter installed for the purpose of watering a lawn, irrigation of a garden, or filling of a swimming pool without being charged for sewer service. Usually an extra 5/8" service can be installed for the standard manifold fee of \$250.00, but an on site meeting will need to be held to confirm this charge.

SEWER SERVICE:

The Hopkinsville Water Environment Authority can provide our customers with different size sewer services based on their needs and capacity availability. The sewer tap-on fees are:

Size.....	Fees
6".....	\$500.00
8".....	\$800.00
10".....	Time and materials plus 15% (\$1,000.00 minimum)
12" & up..	Time and materials plus 15% (\$1,200.00 minimum)

Service tap fees will be charged for all new connections made after January 31, 1995. If tap includes a manhole or more than one single lane street crossing, or a line greater than 100 feet long, then tap shall be time and materials plus 15%.

MISCELLANEOUS FEES:

Item.....	Fee
Raise or lower a meter box	\$250.00
Raise or lower a valve box	\$250.00
Core manhole	\$300.00
Raise or lower a manhole	\$750.00
